Frenchville, Maine 04745

Welcome to Dr. Levesque Elementary School's web site. Our site allows you to gain information and also provides a method for teachers, counselors, and administrators to share some of the exciting events that are part of our educational programs.

Our school has an enrollment comprised of students from pre-kindergarten to grade six. Community involvement is a major key to the continued success at Dr. Levesque School. There is a strong communication, cooperation, collaboration, and participation that exist between teachers, parents, and community members. This is evidenced at parent-teacher conferences, basketball games, classroom presentations, Science Fairs, Chorus and Band Concerts, and PTO fundraisers. We also pride ourselves in teaching and promoting the French language by celebrating our Acadian culture with the community through traditional dance and song at evening celebrations.

The Parent-Teacher Organization is a vital part of our school. They support us financially and contribute to special events such as Winter Wellness Day, Make a Difference Day, Dancercise, the Science Fair, and the Fun Fair.

The staff is fully committed to providing what we believe is best for students. We work to kindle in students a sense of their own potential and self-worth and to foster high aspirations. We hope to instill in students a life-long love of learning. We appreciate each child's uniqueness and try to provide each student with enjoyable learning experiences. In working with the community, we hope to prepare students to meet the complex challenges of tomorrow's world demands.
